المشهرة برقم ٦٣٣٩ - القاهرة

Venue	Ministry of Culture
Host	H.E. Farouk Hosny
FMPM	Salah Allam Abbas Hilmi
Date	Monday February 8, 2010
Circulation	Members of the Board Members of the Premises Committee Members of the Garden Committee

Salah Allam arranged this meeting. The main points which arose from it were:

- ١- The Minister welcomed the suggestion for the appointment of a project manager. He thought that FMPM should propose someone and if suitable he would have him retained as an advisor to the Ministry.
- ٢- He was sympathetic with our reservations regarding the Gazebo and the waterfall in the garden. We must try to come up with an alternative plan.
- ٣- He confirmed that he had thought of creating a docking area for pleasure boats where the Youth Club is currently located. Tourists would be brought by boat and be received in a service area comprising a cafeteria and a souvenir shop. Again he is looking to the FMPM for support.
- ٤- It will unfortunately not be possible for FMPM to use premises in the museum as we had repeatedly asked for. The Minister thought that the current regulations would not allow for it.

**Action:**

- ١- Premises Committee: State the job description of the proposed project manager. Then, select a suitable candidate.
- ٢- Garden Committee: We must come up with an alternative plan to the Gazebo and waterfall.
- ٣- Board: We must try to understand better the Minister's idea in order to then offer constructive support.
